

SUMMARY
for the School of P.H. in Prague

VISITING FACULTY PROGRAM
Braun School of Public Health
Jerusalem
2006

3 Problems of School of P.H. in Prague

- I. TRANSLATIONS (LINGUISTIC)
PROBLEMS
- II. HISTORICAL PROBLEMS
- III. MARKETING PROBLEMS

The Linguistic Problem is:
What is „the Public Health“?

There is no exact translation of
„public health“ in the Czech
Republic !

The historical Problem: Two separate discipline

- **social medicine and health care organisation**

AFTER CHANGES RENAMED TO P.H.

- **hygiene, epidemiology**

HEALTH POLICY (H.P)

The Marketing Problem: Who ? Whom?

„Who“: Exists the „fight“ between P.H
(Public Health) and H.P (health policy)
for the providing of the new P.H. in the
Czech Republic

„Whom“: H.P provided staff don't need
atestation (exam) in P.H.

WHO

„Biennial Collaborative Agreement“
between
the Ministry of the Health and WHO

The part of this Agreement:
Cultivation of the P.H.

Components of the Cultivation

Effective partnership Establishment and Support.

The curriculum innovation.

Creation of Public Health School capacity.

Seminar about P.H education

VFP

and

the Czech P.H. Cultivation

VFP from viewpoint Czech School of P.H. defined some Problems

- The problem of **standardization** of P.H. education contents in international rate
- The problem to **accredit** some **minimal extent of education**
- The problem of **giving the titul MPH** within the scope of Ministry of Education
- The problem of **accredited P. H. education places network**

The worldwide scale of **globalization** and European **centralization** region directly or indirectly determinate the necessity of P.H. education standardization which should be concerned in:

minimal extent of education

knowledge verification

the standard certificate of the school-leavers

Recommendation and conclusions for the Public Health School in Prague

1. The textbook „New Public Health“ (Tulchinski – Varavikova) can be ranked into the recommended literature for the school graduates.
2. The „Public Health Reviews“ (Tulchinski, Epstein, Normand) can be used as an learning material too (and used in the process of possible school transformation)

3. 2007 - seminar about the defined problems in Prague: invitation some Braun School of P.H. representatives and eventually other foreign participants. **Braun School of P.H. is a good working place for keeping and forming new contacts.**
